Lieutenant Governor

April 1, 2020

### Port E-Advisory No. 6

**Hafa Adai!** Port employees. Again, we would like to take this time to extend our utmost gratitude for your service and commitment in keeping the supply chain going for our island community, as well as within our region. Most especially, your continued efforts in safeguarding yourself and taking every precautionary safety measure during this coronavirus pandemic.

#### Port Clinic

As you know, the Port Clinic has been in operation since March 23, 2020. The healthcare professionals assigned at the Port are here for you to screen and monitor your temperature, and anyone concerned about being exposed to COVID-19.

As of yesterday, March 31<sup>st</sup>, the Port Clinic visits totaled 1,369, with zero fevers or any COVID-19 symptoms recorded.

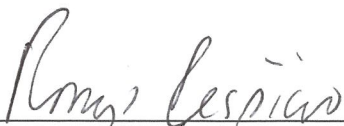

The Port Clinic is open and available for you 24/7, located at the Operations Conference Room, below the Commercial division.

For your continued care, **it is highly encouraged** that you get yourselves checked on a daily basis. At best, the preferable time for screening would be the moment you report to work. Our Human Resource office will make reminder calls to you.

Let us continue to be diligent in our hygienic and social distancing practices. Maintain your distance 6 feet of space from someone else; wash your hands often with water and soap for at least 20 seconds; and sanitize all surface areas.

Remember, we must continue to act as if though we have COVID-19, as well as those we come in contact with are also positive for COVID-19.

**Stay Safe Everyone!**
