 Joshua F. Tenorio
 Lieutenant Governor

IFB-PAG-006-022
Terminal Yard Tractors
Questions and Responses No. 2
April 4, 2022

Questions Received from Far East Equipment on March 31, 2022

Question: Please confirm that the staff the PAG will send for certification in mechanical, electrical, and hydraulics will be journeyman level in their respective fields and that the goal is to certify staff on the specific yard tractor components in the requested training area?

PAG Response: Port will send mechanics/superintendent that are journey man level.

Question: Please clarify the requirement for 2 inspectors to be there during assembly and painting of each of the trucks? This could be a month-long process and I'm not sure if the cost for this is justified. I can understand a final inspection of the 2 trucks should only take no more than days. The port needs to clarify how many days of inspection it wants to build into the bid as it drives up cost.

PAG Response: Physical inspection upon final assembly is acceptable provided that painting process is still documented (video/photos) and provided to PAG.

 Rory J. Respicio
 General Manager
